No. 16.—The following notification of the Government of India is republished:—

HOME DEPARTMENT.

EXAMINATIONS.

Port St. George, the 26th December 1927.

No. F. 23429.—The rules for competitive examinations for the Indian Civil Service to be held in India, which are published below, include certain changes in the list of subjects, in the syllabus and in the mode selected to examine subjects. The changes in the rules have not yet received the approval of Parliament, but, subject to that approval, it is proposed to introduce them with effect from the 1st January 1928. Meanwhile the rules in the enclosed form are published in order that candidates may have notice of the changes contemplated. Copies of these rules may be obtained from the local Government.

RULES FOR COMPETITIVE EXAMINATIONS FOR THE INDIAN CIVIL SERVICE TO BE HELD IN INDIA IN 1928.

(1) A competitive examination for admission to the Indian Civil Service shall be held in India at such time and place as the Governor General in Council may direct.

(2) The maximum number of candidates to be admitted to the examination may in the discretion of the Governor General in Council be limited to such number not being less than 500 as the Governor General in Council may decide. If a limit is imposed and the number of candidates exceeds that limit, the Public Service Commission shall select from among the applicants those who shall be admitted to the examination and shall have regard to the eligibility of the applicants for the Indian Civil Service and to the adequate representation of the various provinces of India.

(3) (a) A candidate shall apply to be admitted to the examination before such date and in such form as the Governor General in Council may prescribe. The application shall be made to the proper authority of the area in which he presents himself at the time of the application or of an area in which they have previously resided for a period of not less than three years or in which he has himself resided, otherwise than as a student of a university only, for a like period.

(b) The proper authority shall be, for the Governor's province, the Chief Secretary, for Coorg, the North-West Frontier Province, Delhi or Ajmer-Merwara, the Chief Commissioner, and for a State in India the Political Officer or Agent who shall be addressed through the Darbar.

(c) No candidate shall make more than one application in respect of any one examination.

(d) A candidate must be a male and either—

(i) a British subject of Indian descent who was and whose father and mother were born within His Majesty's dominions and allegiance, or

(ii) a British subject of Indian descent whose father was at the time of the candidate's birth and still is (or, if dead, was) a British subject.

subject or a subject of a State in India, or

- (a) Subject or a subject of a State in India in respect of whom the Governor-General in Council has made a declaration under section 23A of the Government of India Act.

(4) A candidate must have attained the age of 21 and must not have attained the age of 23 on the first day of January in the year in which the examination is held.

(5) A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of a member of the Indian Civil Service. A candidate who is found after examination by a Medical Board not to satisfy these requirements will not be eligible for admission to the examination.

(6) A candidate must satisfy the Public Service Commission that he character is such as to qualify him for employment in the Indian Civil Service.

(7) A candidate must hold a degree of university approved by the Governor-General in Council, or the same diploma of the M.A. College, Agartala, in recognition of the Public Service Commission, or the recommendations of the Local Government, as the recommendations of a candidate who, though not possessing any of the foregoing qualifications, has passed examinations conducted by other institutions of a standard which, in the opinion of the Public Service Commission, satisfies his admission to the examination.

(8) No candidate shall be admitted to the examination unless he holds a certificate of admission from the Public Service Commission.

(9) No recommendation except those invited in the form of application will be taken into consideration. Any attempt on the part of a candidate to obtain support for his application by other means, even if it is not the intention.

(10) Candidates must pay the following fees—

- (a) Rs. 1 with the application form,
(b) Rs. 10 before examination by a Medical Board, and

(c) if accepted for admission to the examination Rs. 100 within three weeks after the notification of acceptance.

No claim for a refund of these fees will be entertained.

(11) The examination will include the following subjects. Each subject will carry the number of marks shown against it.

(13) In subject 3 (Vernacular Language) a candidate may offer any one of the following languages—Assamese, Bengali, Barmese, Gujarati, Hindi, Kannada, Malayalam, Marathi, Oriya, Punjabi, Pushti, Tamil, Telugu, Urdu.

For the examination to be held in 1910 and the six succeeding years, candidates will be allowed to offer French, German, or Italian in substitution for Vernacular Language.

(14) The examination (subjects 8, 9, 10, 11 and 12) associated with a language may only be taken by candidates who can offer the language itself.

(15) In subject 10 (Vernacular Language) a candidate may offer the literature of any one of the following languages—Bengali, Barmese, Gujarati, Hindi, Marathi, Tamil, Telugu, Urdu.

(16) In English Literature (subjects 10 to 12 inclusive) a candidate may offer subjects carrying a total of more than five hundred marks. Thus a candidate who offers English Literature (subject 10) may not offer more than two periods of English Literature (subjects 11 to 12).

(17) Candidates who offer a natural science subject (subjects 13 to 15) must produce a certificate that at no time in the period of the intermediate or an equivalent examination they have undergone laboratory training for a period of two years in an institution authorized to prepare candidates in the subject for a University degree or for some other qualification accepted by the Public Service

Candidates" as of adequate standard. The certificates must be signed by the head of the institution.

Provided that for the first examination to be held after January, 1933, the period required from candidates who offer the lower grade of the subject in question shall be one year instead of two.

(10) Candidates who offer Advanced Geography, Mathematical Psychology or Physical Anthropology (subjects 23, 24 and 25) must produce a certificate that subsequent to the passing of the Intermediate or an equivalent examination they have undergone practical training in that subject for a period of one year in an institution authorized to prepare candidates in the subject for a University degree or for some other qualification accepted by the Public Service Commission as of adequate standard. The certificate must be signed by the head of the institution.

(11) Candidates who offer Astronomical (subject 26) must satisfy the Public Service Commission that they have been trained in an Astronomical observatory for a period of at least three months or have had other experience of the use of the Astronomical instruments.

(12) From the marks assigned to candidates in each subject, such deduction will be made as the Public Service Commission may consider necessary in order to ensure that no candidate is allowed for merely superficial knowledge.

(13) If a candidate's handwriting is not easily legible, a deduction, which may be of considerable amount, will be made on this account from the total marks otherwise awarded to him.

(14) Credit will be given for good English, including orderly, effective and exact expression combined with due economy of words, in all the subjects of the examination and not only in subjects 1 and 2 which are specially devoted to the English language.

(15) A list of the competitors shall be made up in order of their preference as indicated by the aggregate marks finally awarded to each competitor, and in that order, so many competitors, up to the determined number of appointments, as are found by the Public Service Commission to be qualified by examination, shall be designated to be selected candidates for the Indian Civil Service, provided that the Governor-General of India or Council is satisfied that they are duly qualified in other respects. Should any selected candidate become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled or not. In the former case the candidate next in order of merit, and in the latter respects duly qualified, shall be deemed to be a selected candidate.

(16) Selected candidates will be on probation for two years in the United Kingdom.

Special Rules applicable to Persian Candidates.

(17) (i) The term "Persian candidate" means a candidate domiciled in Persia both at the date of his birth and at the date when he applies to be admitted to the examination.

Jaime developments; the art systems of Indian Philosophy, viz., the *Maya*, the *Valencia*, the *Shukla*, the *Toga*, the *Pura* *Mantra* and the *Tantra*, treated historically and critically.

46. *Lower Mathematics, Pure and Applied.*—Logarithms, arithmetical sequences, simple, approximation, infinite series, complex numbers, solution of triangles.

Geometry in two and three dimensions according to the method of Euclid. Analytical geometry in two dimensions (method of Descartes). The solution of problems, elements and systems of solid bodies (method of Monge). The method of systems, including solids and vector products with application to the other parts of Lower Mathematics.

Differential equations, maxima and minima, integrals, the application of the infinitesimal calculus to curves.

Propositions, harmonic motion, momentum, energy, power. Equilibrium of rigid bodies in two dimensions, link polygons, virtual work, simple machines, e.g., tackle machine, engine governors, levers. Fluid pressure, expansion of a perfect gas, air pump.

41. *Higher Mathematics, Pure.*—

Lower Pure Mathematics together with—

The Geometry of Curves and Surfaces. Elementary analysis, including simple functions of a complex variable and contour integration. Differential equations in one independent variable; elementary treatment of partial differential equations with special reference to the differential equations of mathematical physics. Existence theorems are excluded.

Calculus of Finite Differences including Numerical Integration and summation of Linear Differential Equations. Advanced questions will not be set.

A considerable choice of questions will be given so that full marks may be obtained by answering about half the range asked.

42. *Higher Mathematics, Applied.*—

Lower Applied Mathematics together with Statics (Advanced) including graphical treatment. Dynamics to the Equations of Euler and Lagrange and including the theory of the vibration of strings and other simple systems.

Hydrodynamics including the elementary theory of the motion of fluids through a liquid, and surface waves.

Electricity and Magnetism

Thermodynamics. Kinetic theory of gases, radiation.

The questions on Hydrodynamics, Electricity and Magnetism, and Thermodynamics will not be such as to require the candidates an advanced knowledge of these subjects.

A considerable choice of questions will be allowed so that full marks may be obtained by answering about half the range.

Harvard Norms—Subject (A & B)—The standard of the higher division of a science will be the standard of a University because since subjected to the information. The standard of the lower division will be that of a good degree course.

43. *Lower Chemistry.*

44. *Higher Chemistry.*

45. *Lower Physics.*

46. *Higher Physics.*

47 and 48. *Lower and Higher Biology*—Biology includes vegetable physiology.

49 and 50. *Lower and Higher Zoology*—Zoology includes zoology.

51. *Lower Physiology.*

52. *Higher Physiology.*

53. *Lower Botany.*

54. *Higher Botany.*

55. *Advanced Geography*—Geography of the world with special reference to India. Topics are not confined which concern geography so far as other subjects such as geology, history, physics, botany and zoology. There will be a practical test which will necessitate a knowledge of cartographical methods and statistics, and for this test drawing instruments may be required.

56. *Advanced Geography*—Celestial co-ordinates, spherical trigonometry, astronomical instruments, Time, longitude, latitude. Orbital motion of the earth, obliquity, precession, equinox, sidereal period, orbital motion, other system, Ephemeris, astronomical observations.

The stars and constellations. Starlight, distance, Descriptive description of sun, moon, planets. Descriptive description of double stars, nebulae, clusters, variable stars, comets. Star magnitudes and distance. Stellar movements.

Application of spectroscopy to astronomy. Solar spectrum. Star spectra and classification. The spectrum, absolute magnitudes and distance of stars.

57. *Statistics*—Frequency distributions, averages, generation, and simple methods of measuring dispersion, graphic method, elementary treatment of qualitative data, e.g., investigation of association by comparison of ratios, the position of the simple graphs and algebraic methods of interpretation.

(1) Practical methods used in the analysis and interpretation of statistics of joint, marginal and standard, least, transport, production and consumption, minimum, etc., the more elementary methods of dealing with percentages and vital statistics, statistical methods used in handling statistics of experiments at laboratories.

(2) Elements of modern mathematical theory of statistics, frequency curves and the mathematical representation of groups generally, covering of sampling as fitting averages, percentages, the standard deviation, significance of observed differences between averages of groups, etc., the theory of correlation for two variables.

58. *Psychology.*

59. *Experimental Psychology.*

60. *Applied Anthropology*—The subject includes problems anthropology and methodology. Candidates will be expected to have such knowledge as may be required by laboratory and museum work, accounting mainly to the handling and study of specimens and exhibits. The subject should be treated with special, but not exclusive, reference to people of Indian culture and to problems involving them.

61. *General Anthropology*—Candidates will not be expected to have a extensive exposure of laboratory and museum work. The subject should be treated with special, but not exclusive, reference to people of Indian culture and to problems involving them.

Extra Questions.

62. *Indian History*—Candidates will be expected to show a knowledge of the general course of the political, social and cultural history of India from the earliest times and of the British Empire. Candidates will not be expected to know the history of British or Indian rule in its relation to England or the Empire. More credit will be given for an understanding of the latest laws of historical and constitutional developments than for a knowledge of historical events which had no lasting effect on the development.

NOTIFICATIONS.

Port St. George, January 14, 1920.

No. 5.—The following notifications of the Government of India are republished:—

CENTRAL BOARD OF REVENUE.

Secy. Delhi, 14th December 1919.

No. 28.—In exercise of the power conferred by section 13 of the Indian Salt Act, 1880 (IV of 1880), as amended by the Salt Law Amendment Act, 1905 (XXVI of 1905), the Central Board of Revenue is pleased to direct that the Thaldi Extension of the Allport North Pierway and the Kattappadi Extension of the Vayalar Pierway in the District of Chingleput shall be closed with effect from the 15th instant and that the license relating to the salt works therein exempted shall be cancelled.

HOME DEPARTMENT.

NOTIFICATIONS.

Secy. Delhi, 14th December 1919.

No. 2-1551-1919.—In the Home Department Notification No. 2-3343-1919, dated the 29th September 1919, regarding the granting of civil pensions of the military service of war officers who served in the Indian Army Reserve of Officers on civil retirement terms, issued the following as paragraph 5:—

"3. The above orders have effect from the 4th August 1914."

Port St. George, December 25, 1919.

(G.O. No. 26, 1919, Finance).

No. 6.—The following notification of the Government of India is republished:—

DEPARTMENT OF INDUSTRIES AND LABOUR.

Secy. Delhi, 14th December 1919.

No. 8, 441.—In their Resolution No. 8-427, dated the 15th September 1919, which was published in Part I of the Gazette of India of the 15th September 1919, the Government of India sanctioned their decision to regulate the existing arrangements for the supply of rations required for the public service by a system of tender system for delivery in India, and published for circulation the draft rules which had been framed to give effect to that policy.

1. For the successful working of the tender system it was considered necessary to provide expert advice in respect of such matters as the preparation of technical papers, specifications and drawings and of the execution of tenders for technical stores, and also to establish an organization which would enable purchasing authorities to ascertain the rates and quantities of tendering firms abroad.

2. The Government of India, considering that Messrs. Bantel, Palmer and Triffin, who have for the past fifty years been employed as Consulting Engineers in the India Office and formerly to the High Commissioner for India, would be in the best position to afford the necessary services arranged accordingly with that firm for the establishment of a branch office in India.

3. This office was opened at Calcutta in December 1919. Its functions comprise the following among other services:—

(1) In relation to supplies of technical stores, (a) When required, to prepare specifications and drawings needed for tendering firms of stores, or to furnish

technical advice in specifications, etc., prepared by the authorities concerned.

(b) To advise (c) and when required, as tenders received for supply of technical stores.

(c) To advise in regard to the capacity and standing of manufacturing firms abroad.

(2) Engineering Projects.—To advise in connection with the preparation and examination of technical papers, such as bridge design, workshop layouts, and engineering schemes generally.

(3) Generalization.—To advise on the standardization of technical stores.

(4) General.—To act as a liaison office between the Head Office of the Consulting Engineers in London and the departments in India utilizing their services.

3. These services will be available to departments of the Central, Provincial and some local Governments; all official tenders in respect of particular projects made by these authorities to the Consulting Engineers should be made through the Indian Office and Labour Department will, however, not interfere with existing arrangements between the Government concerned and the or any other firm at Calcutta, nor do the Government of India desire in any way to interfere with the freedom already enjoyed by any authority in other quarters as to which they require technical advice or assistance to any form of private concerns of the Government.

4. The relations between the Indian Office and the Consulting Engineers and the Indian Office Department will be similar to those existing between the firm's head office in England and the Indian Office Department, London.

5. In return for their services, the firm will receive payment from Government of sums representing the actual estimated cost of operating the branch office for a period of three years in the first instance.

6. The Government of India have had under consideration the question of fixing a scale of fees to be received from authorities (other than railways) utilizing the services of the Consulting Engineers, but in the absence of experience regarding the proper nature and extent of the services rendered to those authorities this has not been found possible. For the present therefore no specific charge will be levied in respect of these facilities, and until further orders the authorities mentioned in paragraph 3 will be at liberty to avail themselves of the services of the Indian branch of the Consulting Engineers without payment, but the Government of India propose to examine this question further in the light of actual experience, with a view to devising an equitable method of recovering the cost of these arrangements from the parties benefiting thereby. Separate orders will issue on this point in due course.

7. The Resolution No. 8-463, dated the 28th November 1919, which was published in Part I of the Gazette of India of the 1st December 1919, is hereby notified.

C. E. JONES,

Deputy Secretary to Government.

(By order)

WILLIAM HOLMAN,
Registrar.

Senate House, Madras,
18th January 1938.

ANDHRA UNIVERSITY, NOTIFICATION (1938).

INTERVIEW OF CANDIDATES APPEARING FOR THE EXAMINATIONS TO BE HELD IN 1938.

Candidates for University Examinations are required to observe the following instructions very carefully—

1. Silence should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the time fixed for distributing the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are unduly suffering from infectious diseases of any kind will not be admitted.

Candidates should bring with them to the examination hall each day of the examination their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets in question papers. Candidates are also prohibited from writing their names on any part of these answer books, but their register numbers should be written very distinctly on the outer cover of each answer book. Failure to write their register numbers may involve the suspension of answer papers.

4. Candidates are not allowed to exceed the time assigned to a paper.

5. No candidate will be allowed to leave the examination room till the supply of at least half an hour after a question paper has been given out, and no candidate who leaves the room during the period allowed for a paper will be allowed to return within that period.

6. Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the candidates; should they do so their answers will not be marked and their conduct will be reported to the Syndicate for disciplinary action.

7. Candidates are not allowed the use of books of any kind (except as provided in rule 8). They are also prohibited from introducing into the examination room any book or portion of a book, slate, writing pad, and board, manuscript, or paper of any description and from making use of any of these articles introduced into the room by themselves or by any assistant; from communicating with or copying from such articles; and from communicating with any person outside the examination room. Any articles detected in the violation of these rules, will be summarily seized out of the room forthwith, and the candidate will be reported to the Syndicate. Such a candidate stands the risk of having all his answer papers for the examination for which he has

appeared, rejected by the Syndicate and of being debarred from sitting for the University examinations for each period on the Syndicate may decide. The use of slates in University examinations is not permitted except in students answering papers in Mathematics. The use of mathematical instruments which answering papers in Mathematics and in the Physical Sciences will be allowed. Such instruments will not be supplied by the University.

8. Candidates' Mathematical and Physical Tables will be supplied to candidates in Mathematics, Physics, Chemistry and Geography of the Intermediate and Bachelors I and II of the B.A. Degree examinations.

9. Candidates for the B.A. Degree Examination should, if required, submit their laboratory note-books in the examination concerned on the first day of the period examination in Physics and Chemistry under group (I-A) and Physics under group (I-B). Candidates under group (I-B) must submit their laboratory note-books in Chemistry to the examiner at the Practical examination. Each of the candidates taking History as the main subject under group (II) must submit at the Practical examination his laboratory note-book and a collection of the marked plants collected and preserved by himself. The candidates should get back the laboratory note-books at the close of the examination. This instruction applies only to candidates appearing from Calcutta.

10. Candidates are required to provide themselves with their own pens. Candidates may bring into the examination hall their own ink bottles. They must, however, use only black ink while answering these question papers.

11. Particular attention is required to the instructions regarding rough working and loose sheets of paper written on the answer books. All rough working must be done at the left hand page of the answer books themselves. No separate book for rough working will be supplied in mathematics. Papers must not be detached from the answer books of candidates. If the answer books are found insufficient, additional books will be allowed and these should be accurately fastened to the answer books.

12. When candidates have finished writing their answers, and wish to give up their answer books, at the end of the period permitted for each particular part of the examination, such should stand up in his place and remain standing until one of the superintendents has gone up to him and has returned his answer book from him.

13. Candidates sitting for the examinations at the different sessions should apply to the Chief Superintendent of the respective session for their hall tickets.

14. No Calcutta student will be allowed to enter a room for his examination other than that to which the College to which he is attached, is entitled, except for necessary reasons and on the recommendation of the Principal of his College.

15. Candidates appearing at centres where they are not bona fide residents are required to submit the Chief Superintendent of each centre to their identity.

NOTIFICATIONS.

The following alterations in and amendments to the Regulations in the Swedish University Code for 1925-1926 have been adopted by the Academic Council at its meeting held on the 20th December 1929—

No. 1.

In Chapter XXII regarding admission to examinations (page 127 of the Code), substitute the following for the present section 1—

"The Examinator shall have power to grant exemption from production of the prescribed certificates of attendance for the course in any language other than English in any part of the Intermediate or the B.A. Degree Examination in a student studying in a college in which the language in respect of which exemption is sought is not taught provided that the Examinator is satisfied—

(1) as to the reasons assigned by the student for not studying in a college where the language in question is taught and

(2) as to the arrangements made for instruction being received by the student in that language."

No. 2.

In Chapter XXVIII (page 171) of the Code—

(a) Add section 2.

(b) In place of existing section 2, insert the following, numbered as section 1—

"Candidates entitled to be admitted for the whole or any part of the Intermediate or B.A. Degree examinations held by the Malmoe University or prior to 1926 will be eligible for admission similarly to the whole or a part of the respective examinations conducted by the Abohus University provided that they had qualified to take these examinations as students or co-students of colleges affiliated to the Abohus University after 1926."

(c) Amend existing section 3 as section 2.

No. 3.

In Chapter XXXII regarding B.A. Degree Examinations (page 579 of the Code) in the syllabus in Mathematics (subsidiary) for Group II A Physical Science, make the following changes—

Immediately below the heading Mathematics (subsidiary), substitute the sentence 'An elementary treatment of the following subjects is required.'

Under Algebra and Trigonometry omit 'Determinants (fundamental) properties and use in the solution of linear equations'.

Under Plane Analytical Geometry replace 'Single properties of conics' by 'Rectangular Hyperbola referred to its asymptotes'.

Under Calculus alter the word 'Taylor's and Maclaurin's theorems' add the words 'without proof' in brackets. Omit the last line containing the words 'Single cases of the use of Fourier's Series'.

N.B.—The above changes will come into effect with the Examination of 1931.

No. 4.

All supplies must be in the supply accepted by them as approved by the Station.

3. Successful bidders or transferees will be required to enter into stamped agreements with the Jail within seven days from the date of receipt of notification by them that their rates have been accepted. In addition, they should, before signing such agreements, deposit a security of 10 percent of the total value of the machine undertaken.

[With the approval of the Inspector General of Prisons the total amount may be reduced in the case of approved remissions.] Every remission within the time specified, the current money may be refunded, and in the event of withdrawal, they will also be liable to pay one dollar between the given receipt and their admission obtained by the Jail. The current money received from successful bidders or tenders will be taken towards their security deposits and those from others returned at the close of the auction.

3. The Superintendent reserves the right to accept or reject any bid or tender without assigning any reason.

5. Any rates accepted and contracts entered into will be subject to confirmation by the Secretary-General of Prisons, Ottawa, to whom, whose decision shall also be final in all matters of enforcement.

5. As the quantities given appear on the schedule are only approximate, contractors will be under an obligation to supply the exact requirements during the period of the contract, plus as much as may be needed to last for a whole month thereafter, provided in respect of the rates quoted, that prices will be given without benefit of the limitations of the agreement. At the same time, the Superintendent does not bind himself to require the quantities or numbers noted in the schedule if they are not needed.

7. No article is to be supplied to the Jail, except on a requisition signed by the Superintendent, or some responsible person authorized by him in writing to do so "he order."

3. No address of cash will on any account be made to the contractors when giving orders, nor will the Jull pay freight on other charges on assignments to be afterwards deducted from bills, nor payment the articles delivered at the Jull, as order will be made promptly after they have been inspected and passed. Contractors shall submit to complete payment of their bills in whole respect, to which and some serving part of the way due on cash bill will be determined, unless they consider a fraction

equivalent to half a rupee or more, when they will be treated as a whole rupee for the purpose of the cesses.

8. During the presence of plague in the vicinity of the Jail or in that the areas from which supplies are drawn, all grain, etc., will be liable to be first exposed to the sun outside before being taken in. Should for any other reason the Superintendent consider exposure of articles to sun necessary.

19. Contractors are required (under a penalty and bonding, R4 25) to referably send with each supply memorandum an advance note daily signed, showing the number of quantity ordered for acceptance. Also to sign and return within a week of payment by cheque, cash order, or remittance transfer receipt, all accounts duly forwarded by the Export-credit, for the purpose. The above in connection with any proposed short payment, may be referred to the Export-credit separately, but are not to be made as a condition of payment.

11. In addition to any further discussion on process that may be necessary from supervisors on account of members' modified necessary structure by failure, high or at least in their part to supply nothing in the terms of their agreement, a new and extending of it may be levied at the direction of the Department, for each and every such case of default. For example, for assignments of the significance of the course for other justifiable reasons he may also need to be covering the same material by the Jew as consequence of the failure, from the security furnished by the certificate, or other means due to them and in the event of any need, in legal process, it is advised.

12 All wastage found to exist in excess of the respective percentages prescribed in the schedule will have to be made good by the contractor.

14. Further information on any point concerning this notification can be had from the Jail office.

14. When cases are sent abroad at an outbreak, or by order have been accepted, lower gradations from liberty to the Hospital, or to the Dispensary-General of Prison, will not be considered.
